TERMS AND CONDITIONS OF SALE

PRICES: Prices quoted herein cancel those in all previous lists and are subject to change without notice. Prices quoted are F.O.B. our warehouse at Zeeland, Michigan.

TERMS: To avoid delay due to credit investigations send cash with order. Requests for open account shipments must list name of bank and three other credit references. Open account terms: 2% in ten days and 30 days net. $\frac{1}{2}$ of 1% per month will be added to all past due accounts. **SPECIAL TERMS ON CHRISTMAS TREES** will be listed on page 11 of the Christmas Tree Section.

GUARANTEE: We guarantee all stock to be true to name and up to or above standard nursery grade. All stock is offered subject to prior sale and all orders are accepted subject to unavoidable crop losses.

SHIPPING: Please give definite shipping instructions. If no instructions are given we will use our best judgment without assuming any responsibility. All stock becomes your property upon delivery to transportation company and we will not be responsible for loss, damage or delay in transit.

Potted material sold at nursery only (or delivered by our truck) —no express or parcel post shipments.

Truck load shipments by our specially equipped trucks delivered at cost, not to exceed 50c per mile. Less than truck load shipments to more than one customer in the same area or along the route may be grouped and the delivery cost allocated for reasons of economy and service. A stopover charge of \$5.00 will be made for each stop after the initial stop.

Approximate cost per pot for shipping via our truck in truckload lots:

7- 8" pots	.03 $\frac{1}{2}$ c per pot per 100 miles
10" pots	.07 c per pot per 100 miles
12" pots	.10 c per pot per 100 miles

CLAIMS: All claims for material, not up to the standard of our guarantee, must be made within 5 days of receipt of the material. We will use every effort to pack the shipment so that shipping hazards will be held to a minimum, but we will not be responsible for delay in transit or mishandling enroute.

All orders will be acknowledged promptly when received and any corrections or alterations must be made promptly so that our growers may be notified of any changes in sufficient time. Any and all verbal agreements contrary to these terms and conditions will not be accepted or approved.

A Finished Scotch Pine Christmas Tree

CHRISTMAS TREE GRADING STANDARDS (Minimum requirements)

<u>FACTOR</u>	<u>SELECT GRADE</u>	<u>STANDARD GRADE</u>
DENSITY	Medium	Medium to light.
BALANCE	3 complete faces or 2 complete adjacent faces. Openings in other two faces must be small and not interconnected.	2 complete faces.
TAPER	Normal (candlestick or flaring if tree has four complete faces).	Normal (candlestick or flaring if tree is otherwise select).
FOLIAGE	Fresh, healthy, free from foreign material.	Fresh, fairly clean and free from foreign material.
DEFORMITIES	Not more serious than minor or one noticeable deformity if tree meets other requirements in highest degree.	Not more serious than minor (noticeable deformities permitted if tree is otherwise select).

Each lot of trees must have at least 75 per cent above the minimum of the specified grade.

Each lot may contain not more than 10 per cent below minimum requirements.

The height of a tree is measured from the point where it is cut off to the uppermost tip of the tree, but the tip cannot be longer than required to meet the general taper of the tree. The handle may not be longer than 1½ inches per foot of tree height.

SHIPPING

Specially built trailers are available in the area for hauling Christmas trees. There are several trucking agencies who have built up rigs just for this work. A 32-foot semi-trailer will haul 500 to 700 full sized, tied Christmas trees.

A 40-foot boxcar will handle about 700 to 800 tied Christmas trees.

Following are some sample delivery prices to some of the Midwest cities by truck:

Indianapolis	\$150.00
Chicago	110.00
Detroit	110.00
Davenport	170.00
St. Louis	200.00
Dayton	160.00

These rates are for one stop service. Partial truckloads may be shipped along with other smaller orders in order to keep freight at a minimum.

Small orders of bundled trees can be shipped by motor freight and rail freight also.

EVERGREEN WREATHS

Wreaths are all hand made on standard wire frames. Greens are selected Pine, mostly Scotch, with some Cedar trim. Suitable for inside or outside use. They may be made of all Pine if customer prefers. Trim consists of red plastic bow, red and silver ruscus. Inquiries invited for other evergreen specialties such as door charms, centerpieces, grave blankets, etc.

Order early enough to insure delivery. All prices F. O. B. West Olive, Michigan. For express shipments, boxing and delivery to nearest express office will be billed at cost.

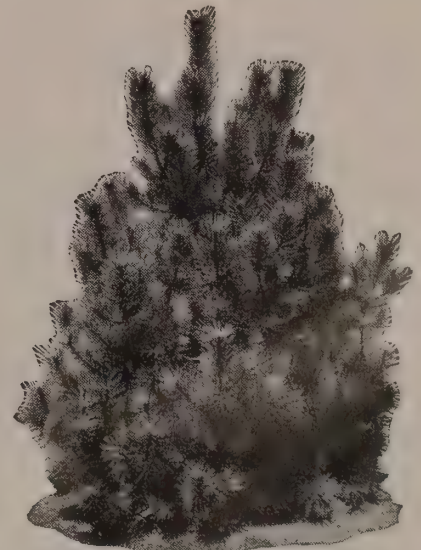

White Pine tips, 1-lb. bundles—25c a pound or \$5.00 for 25-lb. box.

POPULAR PHLOX SUBULATA (Creeping Phlox)

An early spring flowering type with pretty moss-like, evergreen foliage, which during the flowering season, in April and May, is hidden under the masses of bloom. An excellent plant for rockery, the border, and invaluable for carpeting the ground or covering graves.

Clean Healthy Undivided Clumps

Per 100 \$14.00

APPLE BLOSSOM. Very delicate soft pink on light green foliage.

ATROPURPUREA. Rich wine-red.

BLUE EMERALD. A blue sport of Emerald Pink.

BLUE HILLS. Showy sky-blue.

CARMINE BEAUTY. Brilliant carmine-rose.

CHUCKLES. Glowing rose-pink flowers with bright red eyes. Flowers have nicely rounded petals and are larger than common sorts.

CRIMSON BEAUTY. Large flowers of brilliant red covering the dense soft mats of foliage.

DIXIE BRILLIANT. Brilliant free flowering variety. Individual flowers are large and a most brilliant cyclamen-red with small deep carmine center.

We know how to pack these so that they will arrive in perfect condition. But please take care of them at once upon arrival.

EMERALD PINK. A close compact evergreen foliage, florets of unusual size, color a pure unbleached pink.

GARY PINK. A pink with larger pink florets than most other types of Pink Subulatas. Good foliage and growth habits make this a worthy addition to your line of Creeping Phlox.

INTENSITY. A striking newcomer. Evergreen foliage mounds are loaded with bright cerise flowers during early spring.

MAY SNOW. Our best pure white variety. Field clumps are 3 to 5 inches across now, but 6 to 8 inches across when in bloom, very dwarf.

Write for Special Prices on orders of 1000 or more plants of a variety. These plants are all field-grown, transplanted in wide rows and properly spaced to make good looking stock.

To keep our prices down to a minimum we must have cash with order or 25% with order and balance C.O.D.

Please specify the exact date you wish order to be shipped,

and also the method, viz.; truck, freight, rail express or parcel post. All shipments made F.O.B. Zeeland, Michigan. All shipments travel at purchaser's risk. Our responsibility ceases when goods are delivered to carrier in good condition. Claims for loss, damage or delay in transit should be filed immediately with the delivering carrier. We are ready at all times to render assistance with the preparation of a claim should you so desire.

ADDITIONAL SERVICES AVAILABLE

If you can sell wrapped perennials over the counter, that is, individually wrapped plants in moisture proof paper with a 4 color picture and planting instructions attached thereto, we have just exactly what you have been looking for. Our minimum order is 48 plants or 1 case for \$9.60 F.O.B. Zeeland (20 cents per plant). If you wish we will pack 12 plants each of 4 different varieties per case.

For best results this package should be handled only during the early spring, that is, before April 20th. Arrangements should be made to have a fresh shipment come in every 8 to 10 days.

We also grow a limited quantity of "canned" perennials each spring. We take our field-grown plants and plunge them into 1-gallon cans. We have tried smaller pots in the past with mixed results. It makes sense that a perennial set in 1 gallon of good soil with the proper nutrients will require less attention at your store and it's a proven fact that most customers are willing to pay a bit more for something good. We get \$40.00 per 100 for the above mentioned material F.O.B. Zeeland. We are able to arrange delivery at cost on truckload lots.
